Subject: Aspirations in primaries national research: can you contribute?

Morning All,

Just a quick call out for any PRIMARY schools that could help the Employer and Education Taskforce (whose research informs a fair bit of government strategy) with some research.

They would like a short telephone interview with a member of staff in a number of schools for one of their latest research papers. I hope some of you can help to ensure any national research accurately represents our picture locally.

If anybody can help, please email me and I will pass on your details to Dr Elnaz who is leading the research. She can give you more details at that point.

A

PS Challenge Day tomorrow - showing how you are proud of where you live - are you taking part?
